

2012 – Issue #1

Get the most from your Adagio accounting with these solutions. To unsubscribe, put “Remove” in the Subject line.

Links

Check out the links in the top right hand corner of this newsletter:

- [Free Support](#) – Adagio users on upgrades plans can post questions on the Tech Support Forum
- [Free Training](#) – Adagio users on upgrades plans can view the [Show Me How](#) videos and [Webinars](#)
- Solutions – Tips, Tricks, and programs: coming soon
- [Consulting](#) – The best things in life aren’t necessarily free; but, consulting from AccSys Solutions can be very good value.
- [Events](#) – Find out about Adagio courses and conferences. One of the best ways to develop your expertise is to network with other users. Nobody has time to make all the mistakes! Learn from the experience of others.

If you have questions or need help, call the Customer Service Team toll-free and we’ll be happy to help you.

Solutions for Adagio

In each issue of the Solutions newsletter, we’ll discuss solutions important to Adagio users. These could be tips & tricks or special integrations of Adagio modules that we use at AccSys Solutions, solutions that we’ve created for our Adagio clients, Adagio or Third Party modules, or other programs that are worthwhile.

If you’re especially proud of a solution that AccSys created for you, phone 1-888-534-4344 x231 or send an email to service@accsysolutions.com. If we use your example in an upcoming Solutions newsletter, we’ll send you a \$25 coffee card to Tim Hortons or Starbucks!

Today’s Tip – Column Editor

Here’s an easy tip you can use in any Adagio module. Click [Common Features - Using the Column Editor](#) to find out how to change a grid display.

- Reorder columns
- Change width of columns
- Change fields that are displayed
- Select Active records only
- Change titles
- Change alignment of titles and fields
