Why is AccSys Solutions Paying for Your Adagio Boot Camp?

The more you and your staff learn about Adagio from training and networking with your peers, the easier it is for our consultants to support you. That's also why we promote the free [Show Me How](#) videos and free [Webinars](#).

If you're going to call in for support, we'd rather it be a "real" problem, not a trivial one. Increased knowledge saves your time and our time. It's a Win – Win situation.

Please invest one morning of your time over the next month and see how much you can learn. If the rest of your staff can't attend the Adagio Boot Camp, bring back the training materials so you can get them up to speed.

How to Register for Free at the Adagio Boot Camp

- Click on Softrak's [Adagio Boot Camp web page](#) and then click your preferred city
Winnipeg Oct 30 / Calgary Nov 1 / Burnaby Nov 5 / Kelowna Nov 13 / Surrey Nov 14
- Enter your contact information in the form provided
- Enter **AccSys** for the "Code from your dealer"
- We'll contact you for your credit card info to hold your reservation(s). **AccSys Solutions pays for the first attendee** from your company and you keep the \$25 coffee card. Additional registrants will be charged to the credit card.

Today's Tip – Adagio Webinar: Common Features – Daily Maintenance

In past Solutions newsletters, we have recommended you check out the five minute long [Show Me How videos](#). Now, it's time for one of the Adagio users at your site to invest an hour to view [Common Features - Daily Maintenance](#) and report back with all they've learned.

Here are the topics that Warren covers in this webinar.

- Filters & Styles
- Record Notes
- Alerts
- Optional Field Validation
- Export/Import for Updating
- Security
- Data Backup
