### The Adagio Opportunity Conference and/or Individual Consulting and Training

Now that the Adagio Opportunity Conference for 2013 has been scheduled, it's time for you to consider whether it's better for you or your staff to attend the AOC, get a day of consulting, or both. The table below shows the differences in these events. See the next section for individual, one-on-one consulting and training topics you might consider

Adagio Opportunity Conference		Consulting for one day	
<b>Duration</b>	Three days	One day	<b>Duration</b>
<b>Scheduling</b>	June 2-4 (Sun, Mon, Tue)	Your choice	<b>Scheduling</b>
<b>Type</b>	Lectures / Theoretical	Individual / Practical	<b>Type</b>

<b>Discount</b>	Gold or Silver	Gold or Silver	<b>Discount</b>
<b>CPE</b>	Certificate	N/A	<b>CPE</b>

\* Consulting topics exclude major changes, implementing new modules, and upgrade implementations.

### Consulting/Training Topics

When you choose a day of training, you're in the driver's seat.

- Get consulting or training on the operation of any Adagio module or Third Party product, for you or any of your staff. Excluded topics are major changes, implementing new modules, and upgrade implementations.
- Learn how to design financial reports, GridView views, or documents such as invoices, cheques, or orders.
- Learn how to document your own procedures and the choices that were made to customize your Adagio installation. This makes it faster and easier to train new staff, is a good memory aid for infrequent procedures, and clarifies which features in new versions should be considered for implementation.
- Learn tips and tricks that will make your use of Adagio more accurate and efficient.
  - Speed data entry
  - Search with Finders and SmartFinders
  - Customize your grids and use Excel Direct
  - Benefits of Styles and Filters
  - How to set up Report Favourites and Report Sets
  - Month end and Year end processing

Give Krista a call today to create your personal list of topics – 1.888.534.4344.
