Time is Running Out for Companies Doing Business in BC

If you sell goods or services in BC, you must switch from HST to PST/GST on April first – No Foolin'!

If you've already made your appointment with AccSys Solutions to change how tax is calculated in BC, you're OK. Otherwise, contact Krista with the Customer Service Team at 1.888.534.4344 x231 or email krista@accsysolutions.com. Otherwise, you may have to defer your invoicing during April while waiting for consultants to become available to change your taxes.

When making your appointment, remember that, at this late date, there will be a surcharge to cover the extra expense of providing consulting in such a short timeframe.

Is Lack of Financing Holding You Back?

BDC, the Business Development Bank of Canada, now provides Technology Financing of **up to \$50,000** for hardware, software, internet solutions, and IT consulting & related services to make businesses like yours more competitive. At just 6% interest, this is better than taking the funds out of your current cash flow and is likely a better deal than your bank can provide.

Now, during a slow economy, is the best time to invest in your company's technical infrastructure. Your suppliers are even more eager to work with you and your staff can be fully trained before things get busy again.

Benefits:

- No application fees
- Attractive Interest rate: 6%
- Four-year repayment period (including 1-month principal payment postponement)
- A fast and easy loan process; once your application is complete, you will get an answer within 2 business days
- A sound financing alternative to preserve your short-term cash flow

Easy online application:

[APPLY NOW](#)

If your technology financing needs exceed \$50,000, please call 1-877-232-2269 to contact a BDC representative.

Special Workshops on Financial Reporter and GridView

Whether or not you will be attending the Adagio Opportunity Conference, users of Adagio Ledger, Adagio FX, or Adagio GridView, who want to know more about modifying or creating their own financial reports or GridView views should attend a workshop on Saturday afternoon, June 1, before the AOC.

The cost is just \$295, but AOC attendees get a special \$100 discount. For more information or to register, contact Krista at 1.888.534.4344 or email service@accsysolutions.com.
