

MacroSeries

for Adagio®

Day End Automation

*Automatically run Day End
unattended after hours!*

Running your day end procedure in Adagio can be a hassle. Are you tired of having to boot everyone off the system so that you can run a Day End? Or worse, are you having to come in early or stay late just to run Day End? Well those days are over...introducing MacroSeries for Adagio—Day End Automation!

Day End Automation is an Adagio macro that will automatically perform all of the following tasks, completely unattended:

- Backup your database
- Run your Day End in Purchase Orders
 - Print and clear the Purchase Orders Day End Audit Report
 - Print your Purchase Orders Ledger Transaction Report
- Post any resulting invoice batch(es) in Payables (optional)
 - Print the resulting Payables Invoice Posting Journal
 - Print the resulting Payables Ledger Transaction Report
- Run Day End in OrderEntry
 - Print and clear the OrderEntry Day End Audit Report
 - Print the OrderEntry Ledger Transaction report
- Post any resulting invoice batch in Receivables
 - Print the Receivables Invoice Posting Journal
 - Print the Receivables Ledger Transaction Report
- Retrieve Invoices and Credit Notes to SalesAnalysis

All of those tedious Day End tasks are done for you, and no one had to stop working while you did them!

Do you need to automate other routine tasks? MacroSeries for Adagio can be customized to automate most routine tasks in Adagio. Just give us a call and we will be happy to give you a no obligation quote.
